FINISHING

In this phase, we give life to the jeans. It converts the ordinary fabric to the extraordinary UltraBlaze® denim wear. We always tend to be alerted in this department because we know that the jeans is in constant contact with your skin and we never want to harm our customers, or anyone in this regards. We use certified enzymes and dyes in our production to preserve your faith on that you have on us. This also helps us create the amazing "feel" to satiate your never ending desires and wants. It also enables us to make you feel proud to own our denim trousers and know your money's worth.
